Handwritten text in a cursive script, likely a historical document or manuscript. The text is written in a dark ink on aged, slightly discolored paper. The script is dense and fills most of the page. There are two prominent dark circular marks, possibly holes or ink stains, located near the center of the page. The text appears to be in a historical language, possibly Persian or Arabic, given the style of the script and the use of some characters like 'Allah' and 'Muhammad'. The document is oriented horizontally and shows signs of wear and age.

Figure 1. The effect of the concentration of the *Agrobacterium* suspension on the transformation efficiency of *Agrobacterium* strains. The number of transformed cells was determined by the number of colonies on the selective medium. The results are the mean of three independent experiments. Error bars represent the standard deviation.

1. *Pharmaceutical industry* – The pharmaceutical industry is the largest of the three industries, with sales of \$10.5 billion in 1997. It is the only industry that has a significant presence in all three markets. The industry is characterized by high R&D costs, long development times, and high barriers to entry. The industry is also characterized by a high degree of concentration, with the top 10 firms accounting for 70% of sales.

Handwritten text in a cursive script, likely a historical document or manuscript. The text is written in dark ink on aged, yellowish-brown paper. The script is dense and fills most of the page. There are two large, dark circular marks, possibly holes or ink blots, visible in the center of the page. The text is written in a single column, with some lines starting with a small 'M' or 'N' character. The overall appearance is that of a well-preserved but aged piece of paper.
